Database Name: All NAVSUP PD2/SPS Databases
System Administrator: Naval Supply Systems Command (NAVSUP) PD2/SPS Program Manager

CERTIFICATION OF NON-DISCLOSURE STATEMENT

I certify and agree that I will not communicate, reveal, transfer, or permit the transfer to any member of any business or other entity, or any person either within or outside the United States Government, any information regarding any NAVSUP/NAVICP/FISC/FISC Detachment PD2/SPS database. The term "any information regarding the PD2/SPS database" means data, summaries of data, extrapolations of data, or information derivative of the data populating the software or system. Data does not include the software or software code itself but includes any information input into the application or system as well as information that can be or was extrapolated or derived from such data. This includes but is not limited to: identity and number of contractors, the methods of procurement used, types of services/supplies, pricing, and the number and identity of any Government personnel. The release of such information would constitute an unauthorized release of nonpublic information and procurement sensitive information.

I recognize that it is important for persons with access to any NAVSUPHQ, Naval Inventory Control Point (NAVICP), Fleet and Industrial Supply Center (FISC), or FISC Detachment PD2/SPS system to maintain the strict confidentiality and control of the information in the system and that failure to maintain this confidentiality may compromise specific procurements and the procurement system in general. Further, the release of this information may constitute a release of proprietary contractor information all of which may result in criminal as well as other sanctions. I further acknowledge that failure to comply with this agreement may result in the termination of the privilege to gain access to an activity's PD2/SPS database.

The restrictions contained herein do not prohibit communication between the signatory below and his/her co-workers only to the extent necessary to perform the work required to be performed under contract number GS-23F-9785H.

In the event I release any information covered hereby, I agree to report this to the activity's NAVSUP PD2/SPS Program Manager immediately. This report will identify the business organization or other entity, or person, to whom the information in question was divulged and the content of that information.
